

Classification of Success Indicators according to its category

S.N.	Success Indicator	Input	Activity	Internal Output	External Output	Outcome	Measures qualitative aspects
1.	Farming systems characterized	False	False	True	False	False	False
2.	Integrated farming system models/ modules developed and validated	False	False	True	False	False	False
3.	Farm households covered	False	False	True	False	False	False
4.	Alternative cropping systems identified	False	False	True	False	False	False
5.	System-based farm production technologies developed	False	False	True	False	False	False
6.	On-farm trials conducted	False	False	True	False	False	False
7.	Package of practices of organic farming for crops/ cropping systems developed	False	False	True	False	False	False
8.	Trainings, seminars etc. organized	False	True	False	False	False	False
9.	Front line demonstrations conducted	False	True	False	False	False	False

Setting the Agreed Performance Targets

S. No.	Success Indicators	Past Achievements			Mean of the achievements	Projected value of the success indicator for 2014-15 as per the approved RFD 2013-14
		FY 2011-12	FY 2012-13	FY 2013-14		
1.	Farming systems characterized	3	8	5	5.33	4
2.	Integrated farming system models/ modules developed and validated	5	10	14	9.67	15
3.	Farm households covered	-	-	640	640	600
4.	Alternative cropping systems identified	6	11	14	10.33	11
5.	System-based farm production technologies developed	7	12	14	11.00	10
6.	On-farm trials conducted	300	426	533	419.67	450
7.	Package of practices of organic farming for crops/ cropping systems developed	4	7	11	7.33	8
8.	Trainings, seminars etc. organized	-	10	33	21.50	20
9.	Front line demonstrations conducted	35	46	58	46.33	50

*While computing mean of the achievement, extreme values have been ignored.
